   3. Each faculty will publish a webpage showing the date of the matching activity and further information on the activity.
6. Request to deviate from the programme-specific matching activity
A student who cannot participate in the matching activity because of circumstances beyond his/her control may submit a substantiated request to the admission board of the study programme concerned, to prove his/her eligibility for the programme in another way.

1. Selection criteria and procedure for Bachelor’s programmes

1.1. Geneeskunde

Vooraf
- **Maximum aantal deelnamepogingen**: een kandidaat kan bij VUmc School of Medical Sciences (met ingang van de selectie 2015-2016) maximaal tweemaal deelnemen aan de decentrale selectie.
- **Historische deelnames**: indien de kandidaat die deelneemt aan de selectieprocedure er niet in slaagt een diploma te behalen, zal de poging op decentraal niveau worden meegeteld (zie artikel 5 van de uitvoeringsregeling). De kandidaat behoudt, indien hiertoe correct is verzocht, de landelijke hoeveelheid selectiepogingen voor de opleiding Geneeskunde, maar is één van de twee selectiepogingen voor de opleiding Geneeskunde aan de VU kwijt.

Opzet selectieprocedure
Er wordt onderscheid gemaakt in:
- selectie via **Track A**: 70 % van de opleidingsplaatsen
- selectie via **Track B**: 30 % van de opleidingsplaatsen

De indeling in Track A en Track B komt tot stand door de kandidaten in te delen op basis van de wijze waarop zij de vooropleiding behalen of reeds hebben behaald. De selectieprocedures van beide tracks komen overeen. Kandidaten zullen binnen hun track met elkaar worden vergeleken.

Selectie via Track A
**Track A**: deelname aan deze track van de decentrale selectie van VUmc School of Medical Sciences is alleen mogelijk voor kandidaten die **voltijds** in hun eindexamenjaar van het vwo zitten (2016-2017) en het juiste profiel hebben om geneeskunde te kunnen studeren:
- profiel Natuur en Techniek **met** biologie
- profiel Natuur en Gezondheid **met** natuurkunde.

De primaire selectie vindt plaats op basis van de volgende criteria:
- voltijds 6 vwo volgen en examen doen in het schooljaar 2016-2017 in één van de twee vereiste profielen;
- cijfers overgangsrapport 5 vwo (van schooljaar 2015-2016);
- affiniteit met hulpverlening/gezondheidszorg;
- bestuurlijke en organisatorische ervaring;
- bijzondere prestaties.

Selectieprocedure Track A
Kandidaten sturen een inschrijfformulier in samen met bijbehorende bewijsstukken, zoals getuigschriften en referenties. Uit de ingezonden formulieren selecteert VUmc School of Medical Sciences kandidaten voor de tweede fase van de selectieprocedure (maximaal 350 kandidaten). In de tweede fase van de selectie worden de deelnemers door middel van cognitieve toetsing getest op studievaardigheden die noodzakelijk zijn om de opleiding geneeskunde met succes te kunnen volgen. Bij Track A wordt een ranking van de kandidaten opgesteld op basis van de resultaten van beide fasen van de selectieprocedure.

Selectiecriteria via Track B
Track B: deelname aan deze track van de decentrale selectie van VUmc School of Medical Sciences is mogelijk voor alle kandidaten die niet onder Track A vallen, maar wel uiterlijk 15 juli 2017 aan de toelatingseisen (gaan) voldoen voor de opleiding Geneeskunde.

De primaire selectie vindt plaats op basis van de volgende criteria:
- het uiterlijk 15 juli 2017 volledig hebben voldaan aan de toelatingseisen voor GNK; studie-
en/ of schoolprestaties (gevolgde vakken en behaalde cijfers) in het huidige en (eventueel) de twee daaraan voorafgaande jaar gevolgde onderwijs;
- affiniteit met hulpverlening/gezondheidszorg;
- bestuurlijke en organisatorische ervaring;
- bijzondere prestaties.

Selectieprocedure Track B
Kandidaten sturen een inschrijfformulier in samen met bijbehorende bewijsstukken zoals getuigschriften en referenties. Uit de ingezonden formulieren selecteert VUmc School of Medical Sciences kandidaten voor de tweede fase van de selectieprocedure (maximaal 200 kandidaten). In de tweede fase van de selectie worden de deelnemers door middel van cognitieve toetsing getest op studievaardigheden die noodzakelijk zijn om de opleiding geneeskunde met succes te kunnen volgen. Bij Track B wordt een ranking van de kandidaten opgesteld op basis van de resultaten van beide fasen van de selectieprocedure.

1.2. Tandheelkunde (ACTA)

Vooraf
- Onderverdeling opleidingsplaatsen VU en UvA: de opleiding Tandheelkunde wordt door de Universiteit van Amsterdam (UvA) en de VU gezamenlijk verzorgd. Kandidaten dienen zich aan te melden bij één van beide universiteiten. Via de UvA is 55% van de opleidingsplaatsen beschikbaar, via de VU 45%. Ondanks dat er sprake is van één opleiding bij ACTA en één procedure voor de decentrale selectie, worden voor UvA en VU aparte lijsten met rangordennummers opgesteld
- Maximum aantal deelnamepogingen: een kandidaat kan in totaal maximaal tweemaal deelnemen aan de decentrale selectie voor Tandheelkunde; één maal via de UvA en één maal via de VU.
- Historische deelnames: indien de kandidaat die deelneemt aan de selectieprocedure er niet in slaagt een diploma te behalen, zal de poging op decentraal niveau worden meegeteld (zie artikel 5 van de uitvoeringsregeling). De kandidaat behoudt, indien hiertoe correct is verzocht, de landelijke hoeveelheid selectiepogingen voor de opleiding Tandheelkunde, maar de poging om via de VU Tandheelkunde te studeren, is kwijt.

Opzet Selectieprocedure
Er wordt onderscheid gemaakt in:
- selectie via Track A: 70 % van de opleidingsplaatsen
- selectie via Track B: 30% van de opleidingsplaatsen

De indeling in Track A en Track B komt tot stand door de kandidaten in te delen op basis van de wijze waarop zij de vooropleiding behalen of reeds hebben behaald. De criteria om mee te doen aan de selectie bij ACTA zijn dezelfde als de toelatingseisen voor de studie tandheelkunde bij ACTA; de
kandidaten moeten aannemelijk maken dat zij uiterlijk 15 juli 2017 aan de toelatingseisen kunnen voldoen. Bij uitzondering kan, op verzoek van de kandidaat, bijvoorbeeld bij een herexamen voor het staatsexamen, de datum 31 augustus gehanteerd worden; dit verzoek moet uiterlijk 15 juli kenbaar worden gemaakt.

**Selectiecriteria voor zowel Track A als Track B**

1. **Motivatie.**
   Bij motivatie wordt in de procedure in eerste instantie gekeken naar onderstaande twee indicatoren:
   a. Aantoonbare oriëntatie op de opleiding tandheelkunde bij ACTA, door deelname aan het zogenaamde proefstuderen.
   b. Aantoonbare oriëntatie op het vakgebied tandheelkunde; van de kandidaat wordt verwacht dat deze tenminste één dag heeft meegelopen in een tandartspraktijk.

2. **Schoolcijfers**
   Bij kandidaten die al hun vwo diploma hebben tellen de eindexamencijfers; bij andere kandidaten wordt gekeken naar het overgangsrapport 5 – 6 vwo. Dit wordt op de onderstaande wijze meegewogen:
   a. Kandidaten met tenminste gemiddeld een 7½ voor de zes verplichte vwo vakken (Nederlands, Engels, Wiskunde, Natuurkunde, Scheikunde en Biologie) en aantoonbare motivatie krijgen de laagste rangnummers als zij aan de overige voorwaarden van de selectieprocedure voldoen;
   b. Ook schoolcijfers lager dan 7½ zijn van belang; in de uiteindelijke selectie wordt het algehele gemiddeld cijfer zwaar meegeteld.

3. **Curriculum vitae.**
   Hierbij wordt gekeken naar ondergenoemde extra-curriculaire activiteiten:
   a. Betrokkenheid bij hulpverlening in de breedste zin;
   b. Bestuurlijke en organisatorische ervaring;
   c. Bijzondere prestaties;
   d. Nadere motivatie

4. **Relevante toetsen.**
   Er worden drie voor de studie en het vakgebied relevante toetsen afgenomen:
   a. Een biomedische toets, relevant voor de studie tandheelkunde
   b. Een toets gericht op sociale intelligentie en communicatie
   c. Een toets gericht op taalvaardigheid, cijfermatig inzicht en/of ruimtelijk inzicht.

**Normering Selectieprocedure**

Voor het toekennen van de rangordenummers worden de volgende twee groepen onderscheiden, waarbij eerst groep I een nummer krijgt, daarna groep II.

I. Alle kandidaten die tenminste een 7½ als gemiddeld vwo schoolcijfer hebben voor de 6 verplichte vakken, die meegedaan hebben aan de toetsdag, die de drie toetsen gemiddeld met tenminste een voldoende hebben afgesloten en die aantoonbare oriëntatie op het vakgebied en de studie en aantoonbare motivatie hebben. Het rangnummer wordt bepaald op basis van de resultaten van de toetsen en het persoonlijk dossier.

II. Alle overige kandidaten die meegedaan hebben aan de toetsdag. Het rangnummer wordt bepaald op basis van de resultaten van de toetsen en het persoonlijk dossier.

---

10 Wanneer het voor iemand niet mogelijk of realistisch is om aan het proefstuderen bij ACTA mee te doen, dan kan de kandidaat in overleg treden met de commissie decentrale selectie van ACTA om te kijken of een oplossing gevonden kan worden.
1.3. Criminologie

**Selectiecriteria**

**Vooraf**
- Maximaal aantal deelnamepogingen: een kandidaat kan in totaal maximaal driemaal deelnamen aan de selectie voor de bacheloropleiding Criminologie

**Opzet Selectiecriteria**
Er zijn 2 selectiecriteria. Beide tellen voor 50% mee.

**De selectiecriteria zijn:**

1.4. International Business Administration

Motivation
The selection for the IBA program applies to 100% of the available 200 places. We distinguish between formal admission criteria (VWO diploma including mathematics A or B or equivalent) and selection criteria.

The criteria for selection for the BSc International Business Administration program at the Faculty of Economics and Business Administration of the VU University Amsterdam are focused on:

a) international experience
b) performance (Mathematics and English)
c) motivation.

Criteria defined
In order to be selected for the IBA program candidates must be able to meet the primary admission criteria. The primary criteria constitute the formal admission requirements as laid down in law, i.e., the possession of a Dutch VWO-diploma with Mathematics A or B or equivalent thereof. Failing this criterion means that admission can never take place. The selection criteria specify the degree of international education and/or experience, the Mathematics grade, the English grade, and motivation. Formally defined, the criteria are as follows:

2.1 Admission criteria
An education level at least equivalent to Dutch VWO (i.e., a diploma for secondary education that is at least equivalent to VWO\(^{11}\)) with Mathematics A or B (or other examination results which prove that the student has achieved this level).

2.2 Selection criteria

a) International Experience (max 40 points of 100)
Based on international experience, a score will be assigned. More international experience implies a higher score on this selection criterion. International experience can be expressed in terms of international citizenship or substantial time abroad with a clear purpose of educational personal development (e.g., study abroad, internship, job, voluntary work).

b) Mathematics: A or B at Dutch VWO level or equivalent (max 30 points of 100)
Based on the mathematics grade, a score will be assigned. A higher grade implies a higher score on this selection criterion. Based on scoring reference cards from Nuffic and research from the VU International Office, Mathematics grades from different countries can be compared. How grades will be obtained:

- Still in high school: official end-of-year report of the penultimate\(^{12}\) year of secondary school\(^{13}\) with unrounded grades;
- Completed secondary school: the official final transcript (grade list) of the final exams;
- Candidates with a HBO propaedeutic diploma need to upload one of the accepted Math tests before the admission deadline of 15 January. In case of a missing grade, a score of zero will be allocated to this selection criterion.

---

\(^{11}\) Examples are international baccalaureate (IB), European baccalaureate (EB), other non-Dutch secondary education diploma at least equivalent to VWO, Dual language VWO diploma (TTO) English & Dutch 4.

\(^{12}\) Penultimate year=the year before your final year

\(^{13}\) VWO applicants who do not receive an official 5 VWO report card (rapport) are to present a clear overview (layout of an official rapport) of their 5 VWO unrounded grades, signed and stamped by their school.
c) English proficiency (max 20 points of 100)
Based on the English grade, a score will be assigned. A higher grade implies a higher score on this selection criterion. Based on the scoring reference cards from Nuffic and research from the VU International Office, English grades from different diplomas can be compared. How grades will be obtained:

Option 1: English at Dutch VWO level or equivalent:
- Still in high school: official end-of-year report of the penultimate year of secondary school with unrounded grades.
- Completed secondary school: the official final transcript (grade list) of the final exams.
- Candidates with a HBO propaedeutic diploma: Complete an accepted English test before the admission deadline of 15 January. In case of a missing grade, a score of zero will be allocated to this selection criterion.

Option 2 (all other students):
Based on your performance of an accepted English test, a score will be assigned. Based on the CEFR levels the different tests can be compared. A higher performance implies a higher score on this selection criterion.

Note that candidates applying for IBA can always opt to replace their grade as stipulated in option 1 with the score of an accepted English test.

The minimum results of an English language test (not older than 2 years before start academic year):
- Academic TOEFL score of 580 (92 ibt)
- IELTS score of 6.5
- Cambridge Proficiency score A, B or C (or level C1)
- Cambridge Advanced English score A, B or C, or equivalent.

d) Motivation (max 10 points of 100)
Motivation is evaluated based on student’s motivation with regard to the program itself (why IBA) and the choice of university (why VU-FEWEB). Motivations can be substantiated by experiences and interests directly related to the program and/or choice of university. References can be provided to support the personal statement.
2. SELECTION AND PLACEMENT IMPLEMENTING RULES
VRIJE UNIVERSITEIT AMSTERDAM

Article 1 Determination of selection criteria

1.1. On the recommendation of the Faculty Board the Executive Board determines the selection criteria for a programme with limited capacity each year, after the relevant advice has been obtained from the University Student Council.

1.2. The selection criteria for the Bachelor’s programmes with limited capacity and the Selection and Placement implementing rules jointly make up the Selection and Placement Rules of Vrije Universiteit Amsterdam.

1.3. The Executive Board determines how many times a candidate may participate in the selection procedure for a programme, up to a maximum of three times.

Article 2 Selection and placement mandate

The director of the Student & Educational Affairs (SEA) department is entrusted with the selection and placement of students on behalf of the Executive Board.

Article 3 Enrolment deadline

3.1. A candidate who wishes to take part in the selection procedure must submit an enrolment request via Studielink no later than 15 January prior to the academic year in which he/she wishes to start the programme.

3.2. A candidate who has not submitted an enrolment request via Studielink by 15 January and still wishes to participate in a selection procedure for a programme at VU must submit a request to the SEA director. This request must be sent by email to studentenbalie@vu.nl.

3.3. The SEA director will decide whether the candidate who has submitted such a request will be admitted to the selection procedure after 15 January. In order to be permitted to participate in a selection procedure after 15 January, all of the following conditions must in any event have been met:

   a. the candidate was demonstrably not in a position to submit the enrolment request in time;
   b. the candidate submitted the request as soon as possible after 15 January;
   c. the selection for the programme which the candidate wishes to enrol in has not yet begun;
   d. it would be extremely unfair if participation in the selection were refused.

3.4. A request as referred to in paragraph 2 must be accompanied by one or more supporting documents whereby the candidate demonstrates that he/she was not in a position to submit an enrolment request via Studielink in time.

Article 4 Participation in selection procedure

4.1. A candidate who on 16 January has an active enrolment request for a programme with a selection procedure or who has been admitted to the selection procedure following a request as referred to in article 3, paragraph 2, uses one participation opportunity.

4.2. A candidate who does not participate or participate fully in the selection procedure receives no ranking. The SEA director will reject the candidate's enrolment request. In this case the candidate will have used one participation opportunity.

4.3. The candidate will not use a national participation opportunity if:

   a. The enrolment request for the programme with a selection procedure is withdrawn via Studielink no later than 15 January;
   b. The candidate fails to obtain his/her degree certificate and submits a request in time for the participation opportunity/opportunities to be cancelled, as referred to in article 12 of these Rules.
Article 5  Decentralized counting of historical participation

On the recommendation of the Faculty Board, the Executive Board may decide in respect of a programme as a whole that the selection attempt by a candidate who fails to obtain his/her degree certificate will count as a participation opportunity for the number of selection attempts which the candidate is permitted to make for the respective programme at VU.

Article 6  Verification of personal data

A candidate taking part in a selection procedure must ensure that his/her correct personal data are supplied no later than 31 January, on the basis of which his/her identity can be verified. If the candidate does not comply with this obligation in time, his/her participation in the selection procedure will end. The SEA director will reject the candidate’s enrolment request. The candidate will then have used one participation opportunity.

Article 7  Selection procedure

7.1. If on 16 January the number of enrolments exceeds the number of available places, selection will take place. The selection procedure will be completed no later than 14 April.
7.2. If on 16 January the number of enrolments is equal to or lower than the number of available places, matching will take place rather than selection. In this case VU Matching, as described in Annex IX of the current Application and registration regulation, will apply.

Article 8  Selection procedure: result and confirmation of admission

8.1. Each candidate who took part in the full selection procedure will be notified by the Executive Board of his/her ranking via Studielink on 15 April. In the case of candidates who are eligible for this on the basis of their ranking, the Executive Board will issue confirmation of admission.
8.2. The candidate must accept the confirmation of admission via Studielink no later than two weeks after the date of receipt. A confirmation of admission not accepted within two weeks after the date of receipt will lapse automatically.
8.3. If an issued confirmation of admission lapses, the Executive Board will issue a confirmation of admission to the next candidate who is eligible on the basis of his/her ranking and has not yet received a confirmation of admission.
8.4. If a candidate has not accepted a confirmation of admission in time and still wishes to participate in the respective programme, he/she must submit a request to the SEA director without delay. This request must be sent by email to studentenbalie@vu.nl.
8.5. The SEA director will take a decision on behalf of the Executive Board on a request as referred to in paragraph 8.4. A request as referred to in paragraph 8.4 may be granted if in any event all of the following conditions have been met:
   a. the candidate was demonstrably not in a position to accept the confirmation of admission in time;
   b. the candidate submitted the request as soon as possible after the end of the acceptance period;
   c. it would be extremely unfair if the request were refused.
8.6. If a request as referred to in paragraph 8.4 is approved, the candidate will receive confirmation of admission for the academic year following the academic year to which the enrolment request related. The SEA director may derogate from this and decide to issue a confirmation of admission to this candidate for the academic year to which the original enrolment request related.

Article 9  Issuing of confirmations of admission
9.1. The Executive Board will not issue more confirmations of admission than there are places available in the programme with limited capacity.

9.2. The Executive Board will issue confirmations of admission until such time as all available confirmations of admission have been accepted and all candidates have demonstrated that they meet the prerequisites and more detailed prerequisites, as referred to in article 10, or by 15 August at the latest.

9.3. On 15 April the Executive Board will issue ninety-five per cent of the available confirmations of admission for a programme with limited capacity. The remaining five per cent of the available confirmations of admission will be issued at a time to be determined by the SEA director, between 16 April and 15 August.

Article 10 Date of demonstration of prerequisites

10.1. A candidate who is in possession of a confirmation of admission must demonstrate no later than 15 July that he/she meets the prerequisites and more detailed prerequisites. If the candidate does not comply with this obligation, the confirmation of admission will lapse.

10.2. By derogation from paragraph 10.1, the Executive Board may decide at the request of the Faculty Board with regard to a programme with limited capacity that candidates who have a confirmation of admission for this programme must have demonstrated by a later date that they meet the prerequisites and more detailed prerequisites. This date will not be later than 15 August.

10.3. A candidate who receives a confirmation of admission after 15 July must demonstrate no later than two weeks after the date of receipt of the confirmation that he/she meets the prerequisites and more detailed prerequisites. If the candidate does not comply with this obligation, the confirmation of admission will lapse.

10.4. If a candidate cannot comply by 15 July with the obligation to demonstrate that he/she meets the prerequisites and more detailed prerequisites, he/she may submit a substantiated request for deferral to the SEA director. This request must be submitted no later than 15 July. It must be sent by email to studentenbalie@vu.nl.

The SEA director may grant the candidate deferral until 31 August at the latest. If the candidate does not demonstrate within the specified period that he/she meets the prerequisites and more detailed prerequisites, the confirmation of admission will lapse.

Article 11 Payment obligation

A candidate who is in possession of a confirmation of admission must comply with the payment obligation via Studielink no later than 15 July. If the candidate does not comply with this obligation, the confirmation of admission will lapse.

Article 12 Candidate fails to obtain degree certificate

12.1. A candidate who fails to obtain his/her degree certificate can submit a request to the SEA director to cancel the participation opportunity/opportunities used in a selection procedure. This request must be sent by email to studentenbalie@vu.nl.

12.2. The candidate must submit a request as referred to in paragraph 1 before 1 September. The request will be dealt with no later than 1 October.

12.3. A candidate who submits a request as referred to in paragraph 1 must at the same time supply documentary evidence showing that he/she has failed.

Article 13 Intake in a higher year

13.1. A candidate who terminates enrolment in a programme after accepting a confirmation of admission and completing the enrolment can enrol in this programme in a higher year in a subsequent academic year.

13.2. A candidate who has accepted a confirmation of admission elsewhere can submit a request to enrol in a higher year in a subsequent academic year. The request must be accompanied by
one or more supporting documents showing that the candidate has at least met the
requirements for a positive recommendation on continuation of studies for the same or a
related programme elsewhere.

Article 14 Legal protection

14.1. The candidate may lodge objections to selection decisions with the Executive Board. The
objection period is six weeks.
14.2. If the objection is upheld and it is decided that a confirmation of admission will be issued to
the candidate, this confirmation of admission will relate to the academic year for which the
enrolment request had been submitted.
14.3. A candidate to whom a confirmation of admission is issued after an objection has been upheld
may, by derogation from paragraph 14.2, be issued with a confirmation of admission for the
following academic year if:
a. no further confirmations of admission are or become available for the academic year
to which the enrolment request related;
b. a decision is taken on the statement of objection after the start of the academic year,
i.e. after 1 September;
c. the candidate himself requests a confirmation of admission for the following
academic year.
