Basic rules to keep in mind

- Do you have symptoms? Stay home and get tested
  If you or your roommates are short of breath or have a fever, you must all stay home

- Work and study from home as much as possible

- Wear a face mask when moving around in the VU buildings
  The face mask may come off when you sit down

- Keep a distance of 1.5 metres
  When it’s difficult to maintain distance from other people: give others space by leaving

- Avoid crowded places
  Do you need to use public transport? Plan your trip carefully and stick to the rules

- Wash your hands often and cough and sneeze into your elbow

If you come to the VU campus for your studies, the following rules apply

- Only come to the campus for approved activities
  Check rooster.vu.nl to see which activities are taking place online or on campus

- Only use main entrances
  Clean your hands when you enter a building

- An attendance register will be kept in the classroom
  When you enter a building, you don’t have to sign in

- Head straight to your classroom, follow the instructions and stick to the walking lanes
  When you pass others, keep to the right and avoid unnecessary contact

- Stay in your own study area or classroom as much possible
  Don’t go anywhere on campus unless you need to be there

- Don’t stay on campus longer than you need to

These measures are in addition to the campus safety regulations already in force. In case of emergency, call 22222 or 020 - 5982222
Together, we’ll get corona under control
At VU Amsterdam, we behave responsibly and give each other space
