The current document provides an overview of the targets set for 2021 by the Green Team of the VU. These targets are a part of the underlying Roadmap Sustainable VU 20-25 and the VU Strategy 20-25.

**Ambitions**

- **Our community** is sustainable and we work towards a better world together.
- **Our education** contributes to societal issues and teachers are assisted in adopting sustainability in their curriculum.
- **Our research** processes are sustainable, we contribute to (local) sustainability challenges and we reward our researchers.
- **Our Knowledge transfer** links students to societal problems and our employees practise sustainable Knowledge transfer.
- **Our Organization** has integrated sustainability in all its processes.
