

## Transitional Arrangements MSc Duisenberg Honours Programme Quantitative Risk Management 2017-2018

In September 2017 the curriculum of the MSc Duisenberg Honours Programme Quantitative Risk Management will partly change. The SBE Board has, in accordance with the Exam regulations and in consultation with the Programme Directors, Examination Board and the Joint Meeting, made these transitional arrangements for students who did not pass one or more courses from the list below. These transitional arrangements are valid only in the academic year 2017 – 2018.

### General Information

1. These transitional arrangements are valid only in the academic year 2017 – 2018.
2. The validity of constituent results for courses with an extra exam or assignment will be extended to August 31, 2018. If you failed all components or didn't participate in the course in 2016-2017 you have to complete a course of the new programme. In the text and schedule below you can find the names of these replacing courses.

### Transitional arrangements

1. Derivatives: This course will be offered in period 4 instead of period 2. Students missing that course can follow the course in period 4.
2. Ethics: If you miss this course you can follow the new course Business Ethics from the Management Consulting Specialization: E\_BA\_BEMC.
3. Financial Sector Regulations: There will be one extra exam scheduled in week 8 of period 1. If you fail that exam you can follow the replacing course Financial Markets and Institutions: E\_FIN\_FMI in period 2
4. Quantitative Financial Risk Management: This course will be offered in period 4 instead of period 5. Students missing that course can follow the course in period 4.
5. Thesis: You will have to complete the thesis for 21 EC
