### POSTGRADUATE PROGRAMMES

Upon completion of your master’s degree your master’s programme you can opt for a postgraduate programme for further specialization. Usually these programmes involve vocational training and professional education and lead to instance chartered accountant or controller. Admission to any of the postgraduate programmes is dependent on the master you have taken.

For more information, take a look at www.sbe.vu.nl > Education > Postgraduate programmes.

*In choosing your bachelor courses, please note the following prior knowledge assumptions for courses from the MSc Accounting & Control:
(1) Finance 2 (E_EBE2_FIN2) for the elective course Advanced Corporate Finance for Accounting & Control.
(2) Management Accounting (E_EBE2_MANAC) for the mandatory course Advanced Management Accounting and the elective course Management Control.

For more information, take a look at www.sbe.vu.nl > Education > Postgraduate programmes.

### Notes concerning MSc Accounting and Control

- Students who do not meet the preceding requirements, but think they are admissible can apply for the MSc via Studielink and upload their transcript of grades via VUnet. The admission board will assess if admission is possible.
- Students who plan to enroll in the Postgraduate Programme Accountancy upon completion of the MSc Accounting & Control are advised to complete the entire minor Accounting, Organizations and Society. Any courses from the minor that you did not pass, will have to be taken as deficiencies during the Postgraduate programme.
- Fluency in Dutch is required for the postgraduate programme.

* (NL course) Means that the language of instruction is Dutch.
